

PENGOLOO™

THE FUN SOUTH POLE EGCSPEdition !

Description:

Go on an eggspedition with Pengoloo, an enchanting memory game for children. Detailed wooden playing pieces transport you to the South Pole where our perky little penguins are ready to play with you!

Roll the dice and look for the matching color eggs underneath the penguins. A good memory and a little luck will help you be the first to collect six penguins on you iceberg to win! This eco-friendly memory game is made of sustainable wood.

Game facts:

Ages: 4 and Up
 2 to 4 Players
 10 to 15 Minutes

Skills developed in this game:

Pengoloo teaches color recognition and exercises fine motor skills. The game develops memory and visualization while the advanced variation introduces strategic thinking. Placing the penguins in numerical order also strengthens number association.
